Taylor Lobster Company

**Oyster Name:** Strawberry Creeks

**Origin:** Harpswell, Maine

**Size:** 3 ½” - 4”

**Appearance:** Rugged wild, yin shape, clean and heavy

**Flavor Profile:** Delicious briny start. Clean and crisp transition to a mild sweetness.

**Comments:** Once inhabited by the Abenaki native American tribe, Harpswell has been a source of oysters for generations. These Harpswell oysters are hand picked from the same beds the Abenaki tribe did hundreds of years ago. They are as beautiful, wild and rugged as the Maine coast line. An absolute diamond in the rough.
